CUT TO:

FADE IN:

EXT. ACADEMY ENTRANCE -- DAY

Towering columns stretch across up a gaudy building. This is a place for royalty.

Nailed into a lawn, their logo on a sign displays: "JUPITER ACADEMY" with a slogan under: "Electi Pauci".

A sports car WHIRRS down the road and RATTLES the sign. Flames propel from the tailpipes.

The car SKIDS to a HALT curbside. A door pops upward. Two WEALTHY 18-YEAR OLDS step out dressed in pompous swag: BARRETT GIDEON and GABE SANTOS.

A LIMO pulls up to the entrance. The DRIVER steps out and opens the rear door. An 18-year-old student walks out wearing the skin of a rare animal: African prince NNAMDI IMOH.

EXT. DISTANT STREET -- DAY

A WHITE VAN pulls up to a curb, within view of the ACADEMY, but still quite far. 18-year-old LYDIA JOY opens the passenger door as she carries a bag lunch.

The VAN drives off. As it gets further away--

Lydia throws her bag lunch in the TRASH.

EXT. QUAD -- DAY

A large rolling suitcase is pulled across a walking path. Dragging it behind her is IRIS VEGA. She's 18, unassuming, and seems to be on good terms with people.

MOMENTS LATER

Nearby a tree, Iris holds out a box for a student, who smiles big. They hand Iris some cash.

INT. GIRL'S BATHROOM -- DAY

Iris opens her rolling backpack, takes out a large suitcase. Holds it open for--

A GROUP OF GIRLS. They all stare widely inside and hand her bundles of cash on the spot.

INT. BOY'S REC CENTER -- DAY

Iris holds open a box of something. Barrett pulls out a VIAL with a CLEAR LIQUID. He observes it under the light.

Then, he smiles. Hands Iris some cash.

INT. MADAME SONG'S OFFICE -- DAY

Framed portraits of accomplished adults are placed along the wall. One carries a Nobel Prize medal. Another shakes hands with a President.

Seated at the regal desk: MADAME PRINCIPAL AURORA SONG. Vainglorious and all. She holds a flip mirror as she draws foundation under her eyes with a thin brush.

She then picks up an UNMARKED VIAL with a CLEAR LIQUID. Unscrews it. Leans her head back. Raises an EYEDROPPER over one eye. Gently squeezes a few drops of a clear liquid into her eye. Then, her other eye. BLINKS. A BURST OF ENERGY hits--

And she paces around her office, punching air like a boxer.

INT. OFFICE HALLWAY -- SAME TIME

The door opens. Madame Song looks down at--

Iris, seated quietly beside her suitcase, on her phone.

MADAME SONG
How are you, child?

Iris carefully meets her gaze. Squints.

IRIS
That's new. Is that Yves Saint
Laurent Touché Eclat?

Madame Song wipes her hand under her eyes. Foundation is smudged off to reveal her dark eye bags.

MADAME SONG
You're too honest sometimes.

IRIS
Do I have to document that, Madame
Song? Are you feeling tired?

MADAME SONG
Trust me, we don't want this on
record. Any of this.

Iris smiles, winks. Madame Song holds the door open.

INT. MADAME SONG'S OFFICE -- MOMENTS LATER

Madame Song grabs two empty mugs.

MADAME SONG
How do you take it?

IRIS
Black. Like my heart.

Madame Song pours coffee into them. Slides one to Iris.

MADAME SONG
This one's called Kopi Luwak. Have
you ever heard of a civet?

Iris shakes her head.

MADAME SONG (CONT'D)
Well, it's like this ferret that
eats coffee beans and then,
literally, excretes them out. Then
you pick them out, clean them up,
other third wave coffee stuff, and
voila, Kopi Luwak. It's the best.

Iris is perturbed. But she shrugs and takes a sip.

MADAME SONG (CONT'D)
How is it?

IRIS
Good. Tastes like shit.

Madame Song smiles.

Iris unzips her suitcase. She reaches insides and takes out--

A CLEAR VIAL, which she hands to Madame Song. Song assesses
it under the ceiling light.

IRIS (CONT'D)
Madame Song, have you noticed any
substantial reduction in your
mental faculties?

MADAME SONG

Perhaps my patience. Like, I can't believe I used to spend four-and-a-half hours every single day sleeping in this unconscious body.

IRIS

Sleep isn't all bad. I mean, it's where I got the idea for this Unsleap.

MADAME SONG

And for that, the world is grateful. Vega Industries will be the future, and Unsleap will pave the way for a new level of human productivity.

Iris bashfully waves her off. Madame Song guides her to a nearby wall of framed photos.

MADAME SONG (CONT'D)

One day, you might even be on here, on the wall of fame.

Iris nods, gazes at the wall of portraits. The world's most elite gaze back.
